Timeless Opportunities

As these pictures indicate, activities abound in our school. We study and work hard to learn what we need to know—as in Computer Studies—then we receive congratulations for it. We have the opportunity to go to college or vocational school and expand our knowledge; we are also able to participate in band or in sports, as well as club activities and cheerleading. Through all of this we still have fun and a sense of camaraderie. We have all of the opportunities we need, but it is up to us to use them wisely.

Why Teachers?

In our school there are many people students sometimes take for granted, not realizing the contributions, opportunites, and experiences teachers can provide for their educational growth. It would be impossible to allot space for every educational activity. Pictured at right are Mr. Williams —Gym Teacher and Coach with Mr. Kiel (student teacher) who signed as a Free Agent for the Dallas Cowboys. In the lower left Mrs. Schifko is pictured with her little doll she used to demonstrate sewing techniques. Graduation Time . . . A New Beginning

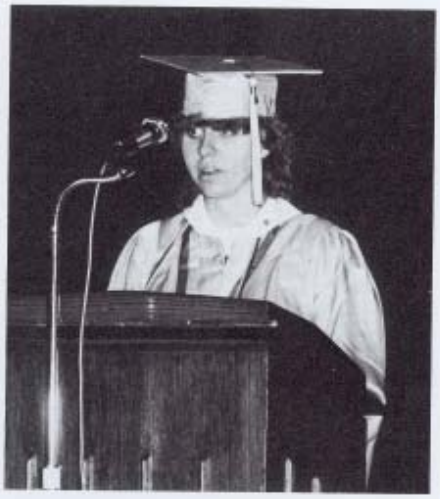
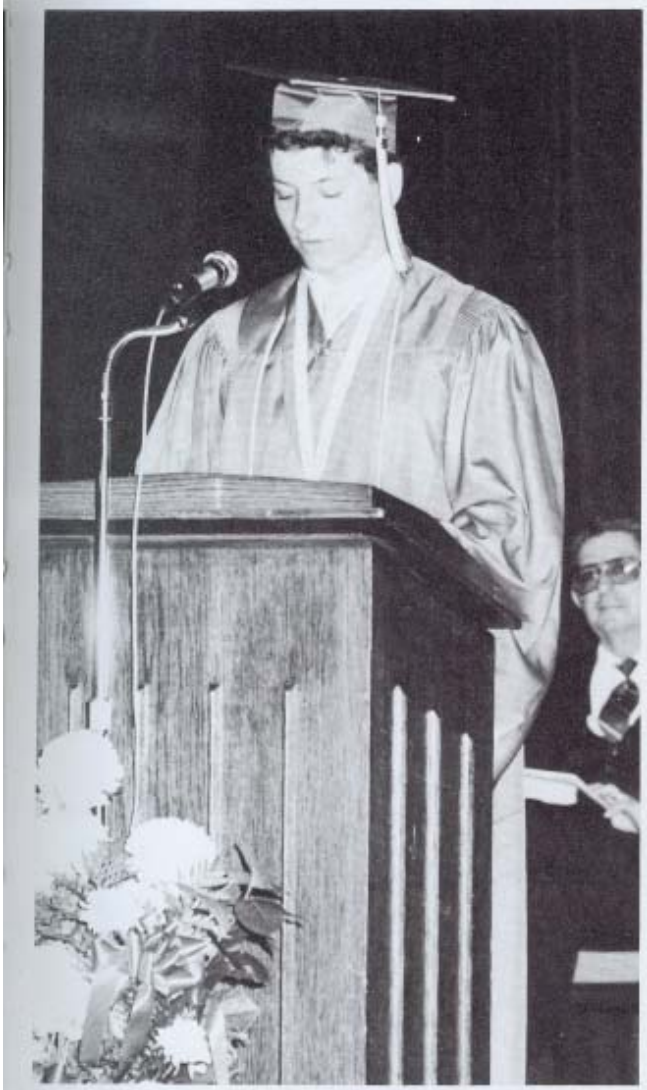
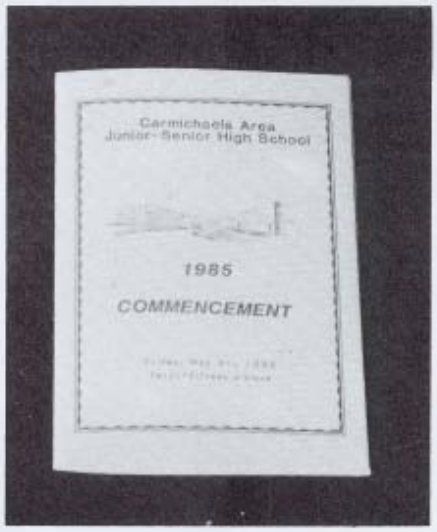
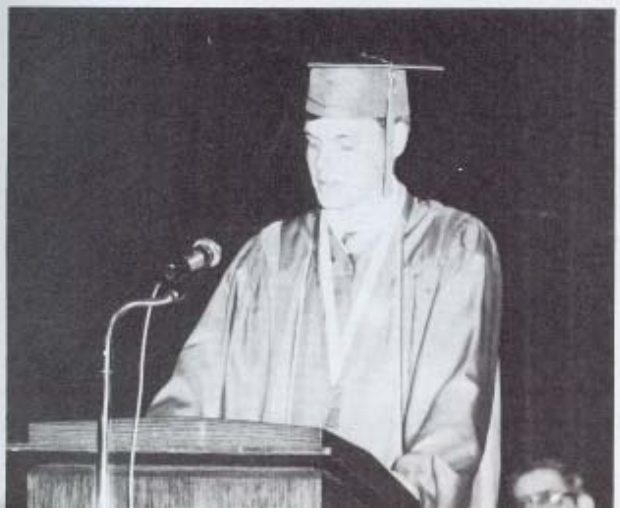
On May 31, 1985, one hundred six seniors graduated from Carmichaels Area High School. The Ceremony directed by Mr. Plasko, began at 7:15 in the auditorium due to threatening weather conditions. Serious planning and organizations contributed to the fluidity and brevity of the program, making the confined and humid area bearable for the graduates and their guests. Mr. Harr introduced the following speakers: Dr. Zoldos, utilizing her educational skills, constructed a final test which was unexpected, since senior finals were scheduled for May 24, 25. Pastor Hims made analogies between senors and biblical interpretation in his baccalaurate-commencement address. Mr. Ed Chess, President of the Board of Education, presented the diplomas to the senior class. (continued)









Rev. Moore ended the ceremony with the Benediction rite. (Pictured above top right). The Band added music with 3 selections. Health Care "Helps

Healthcare is an important factor in our lifetime that could either help or hinder our existence in our environment. Opportunities are available for every student to develop attitudes concerning health care for himself and others. The Red Cross Blood Mobile came to our school and we donated blood to help save people's lives. When Dr. Allen came, he discussed facts pertaining to our eyesight, how to care for it, and products available for cosmetic reasons. We should try to remember what we have learned, to help us through life and to help us help others.

Junior And Senior Standing Committees

The Sr. Standing Committee, with cooperation of the Jr. Standing Committee, has determined that their primary objective during the school year is to organize, finance, and make possible a gala event—The Sr. Prom. In order to accomplish this task they have combined their efforts through various fundraising activities such as two Sarris Candy sales, a jewelry sale, hoagie sales, and various confectionary items. The money generated helps defray the cost of favors, entertainment, and meals; thereby, making it economically feasible for every student to attend the prom.

Below is the Mike's "84-85" baseball team. The members were as follows; Row 1: Robbie Vance, Joe Yorick, Roger Waters, Tom Rumancik, Matt Voithofer, and manager Bill Cooper. Row 2: Brian Blasinsky, Carl Modrick, Bill Kirk, Erik Kaczmarczyk, Tom Jones, and Jeff Evans. Row 3: Paxton Pratt, Steve Pratt, Jeff Dulik, Chris Mitchel, Lonnie McMinn, and Ricky Rodavich. In the back is Dave Lawrence and Jeff Swift.

Pictured above are the Mike's Seniors: Matt Voithofer, Tom Rumancik, Rob Vance, and Joe Yurick. At the right is the Mike's coach Tom McCombs applauding his team's effort.

The Mike's finished the season 11-4 overall and 10-2 in the section, which was good enough to give the Mike's a share of the section title with Jefferson. At the present time the playoff picture for the Mike's is unknown, but we're sure that they will give their best no matter what odds they face. At the left: Matt Voithofer, who was the Mike's leading hitter with a .531 average (26-49), is congratulated by his teammates after hitting a tremendous home-run which landed on the left-field warning track on the fly.

Above is Rob Vance showing his winning form, which was very frequent this season for the Mike pitchers. Robbie finished the season with a 1-1 record in relief. Other Mikes who were aces on the mound were Tom Jones (4-0), Brian Blasinsky (3-1), and Jeff Evans (2-0). Brian and Tom both pitched no-hitters for the Mikes. At the left is Erik Kaczmarczyk, the Mike's first baseman, keeping a runner close.

It has been 10 years since Mr. Krajnak has coached Girl's Softball. He has taken his girls to the playoffs many times, and each time they got closer to the W.P.I.A.L. Championship. Last year they placed 2nd in the W.P.I.A.L. . This year again they are on their way. They placed second in the section, and are soon going to the playoffs. We will not know the outcome, but we are confident they will do their best to win it all.

The coaches and players worked long, hard hours practicing and playing games. The girls gave their all in dedication and effort and anything else they had to give for their school. They had some losses that were hard to accept, but never let it get them down. They fought the odds and made the best of the situation.

Improvement With Change Sometimes It Really Happens

The student council has provided many activities for the Jr. High to participate in. One of these activities include an UGLY FACE contest.

Students painted their faces and modeled them on stage to be judged for the ugliest face.

After the judging the students were treated to a Halloween party. The unique costuming techniques by these students leave this staff at a loss for identification. Possibly you can perceive and make identification through location, physical characteristics, or by chance—a good guess!

For the first time in the Carmichaels High School history, the Jr. High participated in a student exchange. Students from the County-section schools exchanged with Carmichaels Area students. The idea is to become more aware of the differences in other schools to improve and make our school and attitudes more flexible about our school. These girls practice hard for weeks, until the time they display their talents before a panel that will select those who will provide and encourage team and student body spirit through victory or defeat. This year, eight girls exhibited qualities and performances during athletic events which helped spur our teams on.

A Day At The Park

Students of the Carmichaels Area Jr. High School made a visit to Mon View on May 8, for a fun filled picnic. The students learned that being responsible with school work and social activities provide for a good general education. School is work and also fun. The students were served lunch and were treated with many activities, including, Video Games, Softball, Roller Skating, Volleyball and Track and Field. Some selected students participating in these events are Top—Tina Metcalf is racking up the points on DigDug.
